¹Non-Conforming first Loan Amounts must be at least \$1 higher then the standard conforming loan limit base on property type. Refer to Exhibit Addendum MSA (Metropolitan Statistical Area Median Home Price), separate from matrix to determine the maximum loan amount allowed for the county.

²Market Class 3 and 4 not allowed

• No Mortgage Insurance over 80% LTV.

- Borrowers with a bankruptcy, foreclosure, deed-in-lieu, short sale, repossession, or loan modifications are subject to following requirements regardless of timeframe:
 - a. LTV/CLTV greater than 70%: Not Allowed
 - b. LTV/CLTV less than or equal to 70% is allowed when: The adverse Credit was due to extenuating circumstance and a min of 60 months re-establishment of credit since the discharged/dismissal/completion date, or the adverse credit was due to financial mismanagement and 84 months re-establishment of credit since the discharged/dismissal/completion date.
- 12 months PITI(A) for reserve

Additional Restrictions:

Purchase transaction only; Excludes 5/1 ARM program; not allowed to any borrower with open collection accounts; **Gift funds and gift of equity transactions are not allowed**; maximum number of financed is limited to 2 including the subject property; non-occupant co-borrower not allowed; Subordinate financing is not allowed

All of the following are ineligible for property types:

- Condos (attached or detached) located in Miami-Date County Florida
- Properties with more than 10 acres
- Properties experiencing interrupted or unstable utility service hazards (such as severely curtailed water service, water contamination, or extended power shortages) as identified by the appraiser.

	Hotel Condominium
	Log, earth or dome homes
	Hobby farms
	Property Flipped Transactions (There is no specific time. If property was bought and rehabbed regardless of time the property is considered a
	flip.)
	Mixed-used live/work
	ADU (accessory unit) on a 2-4 Unit
Eligible Borrowers	US Citizens; Permanent Resident Aliens; Non-Permanent Resident Aliens allowed with required VISAs); Revocable Trust; Must have valid Social
	Security Number; Maximum of 4 borrowers per loan application are allowed
	Non-Permanent Required VISAs: A Series (A-1, A-2, A-3), E-1, E-2, E-3, G Series (G-1, G-2, G-3, G-4, G-5), H-1 (includes H-1B and H-1C), H-4, L-1, L-2
	0-1A, O-1B, O-2, TN NAFTA for Canadian and Mexican Citizens, TC, NAFTA for Canadian citizens for professional or business purpose.
	If green card or non-permanent status will expire within 5 months of funding may be considered as long as the borrower provides evidence of renewal or extension.

Minimum Loan Amount	Non-Conforming first Loan Amounts must be at	t least \$1 higher than the standard conforming loan limit base on property type.			
Property and Appraisal	The number of appraisal products is determine	d by the total loan amount.			
Requirements	Total Loan Amt	Appraisal Documentation Required			
	<=\$1,000,000	One full appraisal			
	>\$1,000,000 - \$2,000,000	One full appraisal completed by a certified appraiser			
	>\$2,000,000	One full appraisal completed by a certified appraiser and an interior Residential Valuation Services (RSV) field review			
	1. A second-level review or RVS review pro	duct may be required based on identified collateral or valuation risks.			
	2. A full appraisal must be prepared on For	m 1004/70, Form 2090, or Form 1073. An automated collateral evaluation (ACE)/property			
	 inspection waiver (PIW), Form 2055, Form 1075 or Form 2095 summary report is not acceptable. 3. When ordering the appraisal, Seller must specify that the appraisal be completed by a certified appraiser and, upon receipt of the 				
	appraisal, Seller must confirm the appraisal was completed by a certified appraiser.				
	4. Investor will order the RVS review product. LTV/CLTV will be based on the lower of the reviewed value or the sales price.				
	review that is required. The cost for	, Solidifi, or <mark>Xome Valuation Services LLC</mark> (use to be Assurant)). The investor will order any the interior field review will be collected from the loan originator.			
Non-Delegation	On non-delegated loans, the file cannot be pre-locked until loan is fully approved.				
	• 2-4 units				
	Investment properties				
	Cash-Out transactions on second home				
	Business use of funds				
	Loan amount > \$2.0Million				
	Restricted Stock use for Income				
	Capital GainDelayed Financing				
	Any Exceptions				
	NOTE: All loans that require investor prior app was not from CREDCO. Pricing and underwritin	proval will require a new credit pull from CREDCO (JMAC to pull) if the original report submittee ng will be based on the new CREDCO credit.			

Seasoning Rate/Term and Cash Out	REFINANCE OF LOANS WITH LESS THAN ONE YEAR SEASONING FOR RATE AND TERM / CASH-OUT The underwriter will analyze transactions involving the payoff of a first lien that has been seasoned for less than one year. If the first lien being paid off was a purchase transaction, the LTV/CLTV must be determined as follows: • For properties with no home improvements completed, use the lower of: • Original documented purchase price • New appraised value • For properties with home improvements completed, use the lower of: • Original documented purchase price plus documented home improvements with copies of work contracts. • New appraised value The following will be considered refinance Rate and Term: • Payoff a Principal balance of the existing lien. • Payoff a purchase second lien with no draws exceeding \$2,000 within the past 12 months from date of application. Withdrawal activity must be documented with a transaction history of the line of credit. • Payoff of a non-purchase second lien seasoned a minimum of 12 months from date of application. The second lien must not evidence draws exceeding \$2,000 within the past 12 months from date of application. Withdrawal activity must be documented with a transaction history of the line of credit.
Reserves	 Liquid assets verified to meet the reserve (post-closing liquidity) requirements may be in the form of: Cash equivalents (checking, savings, or money market accounts) 100% of the vested value of publicly traded stocks, mutual funds, and government securities may be used. Cash surrender value of life insurance (less outstanding loans, if repayment not included in debt ratio calculation) Retirement funds valued as follows: Tax deferred Tax deferred gross retirement must be reduced by 30% to account for tax consequences (less any outstanding loan balances) to determine the actual funds available for reserve requirements. There must be an additional 10% reduction if an early withdrawal penalty exists. 100% of Roth IRA (less outstanding loans) may be used toward the retirement portion of the reserve requirement.

 Tax advantage college saving plans (529 college saving plans) funds may be used to meet the retirement portion of the reserve
requirement.
 The borrower must be the custodian on the account.
• The balance must be reduced by 10% to account for tax consequences for drawing the funds for noneducational purposes.
Equity proceeds from the sale of a residence.
 RSU – must be vested and publicly traded stock.
Stock Option grants:
 Must be fully vested and not restricted (either by the company or IRS, such as being subject to Rule 144)
 Must be from a publicly traded company listed on the NYSE, AMEX or NASDAQ
 May be part of a qualified or non-qualified plan
 Cannot be used as qualifying income.
To calculate the value:
 Subtract the strike price/optioned price (the price at which the employee was issued the stock) from the current
stock price and multiply by the number of shares.
 Discount the value by 40% (to account for taxes).
Asset Documentation:
Provide all pages of the most recent and consecutive two months asset statements dated within 45 days of the 1003 and source large
deposits.
Use of Business Funds (Requires Investor Approval)
When a borrower has insufficient personal liquid assets to qualify or close, but has sufficient verified funds in a 100 percent owned business, the
business funds may represent an adequate source of down payment and reserves (post-liquidity) if both of the following conditions are met:
• Provide CPA letter confirming that funds being used from business account will not have an adverse effect on the business cash flow.
 Business average annual cash flow is greater than the amount to be withdrawn/reserves.
 Cash on company year-end balance sheet for each of the previous three years is greater than the amount to be withdrawn/reserves.
This information is found on line 1 of the schedule L for the Partnership, S-Corporation and the Corporation. A three –year history of a
balance greater than or equal to the amount being considered for reserves (post-closing liquidity) or down payment is required. Two
years of the schedule L will show three years of cash on hand for the company.
Full Analysis of the business must consider the effect of the withdrawal of the assets and how it will impact the strength and viability of the
business in the future.
The following questions need to be considered:
 What is the pattern of company cash flows? Do we have declining gross or net income?
• Do we have concerns about the type of business? Is the business experiencing a downturn?

	Extreme care needs to be taken when considering business use of funds and in some cases even though a business is profitable, it may not be prudent to use the business assets in our transactions.
	The following assets are ineligible for purposes of meeting the minimum reserve (- liquidity) requirement: • Gift funds • Borrowed funds • Stock in a closely held corporation • Proceeds from the sale of assets other than the sale of a residence. • Proceeds from a cash-out refinance transaction
Qualifying Ratios	 Maximum bottom-end ratio: Owner Occupied DTI 43% (FIXED) and 40% (ARM) Second home max DTI at 40% Investment max DTI at 36/38% Cash-out Transaction max DTI at 40% Maximum front-end ratio greater than 36% when adequate compensating factors are present. Examples of compensating factors include, but are not limited to, the following:
	Fully Amortized 5/1: Qualify at the greater of the Note Rate Plus 2% or the fully indexed rate 7/1 and 10/1: Qualify at the higher Fully Indexed rate (index plus margin) or Initial Note Rate, not to exceed the start rate plus lifetime cap.
Credit Scores, Credit and Disputes	 Minimum Fico – refer to the matrix above Rescoring and Credit Repair JMAC prohibits the use of credit repair vendors designed to help a borrower falsely repair their credit profile by intentionally manipulating data to improve their credit score for purposes of loan eligibility, pricing improvement, and/or creditworthiness All credit reports pulled by broker or seller within 180 days needs to provided.
	There may be instances where the borrower's credit score is valid but insufficient credit exists. In addition, the credit risk of the entire borrower profile must be evaluated to determine if the credit history supports the borrower's ability and willingness to repay the loan. Borrower's with previous or current mortgage would be considered strong compensating factors if borrower's credit were limited.

	ufficient credit is defined as any of the following:
•	Fewer than three (3) tradelines.
•	No tradeline with activity in the most recent 12-months
•	No tradeline with at least a 24-month history
Exa	ample of an acceptable credit depth:
•	Each borrower that is on the loan must have at least:
	 3 active trade lines
	 One active with at least 24 month's seasoning and credit line should be at least \$5000.
	 Two active with at least 12 month's seasoning
	 Each borrower should have at least 2 credit scores.
	 Borrowers with current or past history of mortgages maybe considered with less credit requirements subject to underwriter
	<mark>review</mark> .
•	Mortgage late: 0x30 last 12 months, no rolling
•	Chapter 7 or 13 Bankruptcies: 7 years seasoning from discharge or dismissal of bankruptcy filings
•	Short Sale, Foreclosure, Deed in Lieu, Pre-foreclosure: Requires 7 years seasoning from date of completion
•	Revolving credit – no more than 2x30 in last 12 months
•	Installment Credit – no more than 1x30 in last 12 months
•	Individual unpaid charge offs less than \$500 does not require proof of payoff
•	
•	Disputed Accounts – Disputed accounts are reviewed to determine current balance and derogatory information (a 30-day or more
	delinquency) within 2 years prior to the credit report date:
	 Zero balance and no derogatory information – no action required
	 Zero balance and derogatory information - remove and pull new credit report
	 A positive balance and no derogatory information – remove and pull new credit report
	 A positive balance and derogatory information – remove and pull new credit report
	A credit supplement is not allowed to document disputed accounts.
Воі	rrowers with a bankruptcy, foreclosure, deed-in-lieu, short sale, repossession, or loan modifications are subject to following requirements
	ardless of timeframe:
	a. LTV/CLTV greater than 70%: Not Allowed
	b. LTV/CLTV less than or equal to 70% is allowed when: The adverse Credit was due to extenuating circumstance and a min of 60
	months re-establishment of credit since the discharged/dismissal/completion date, or the adverse credit was due to financial
	mismanagement and 84 months re-establishment of credit since the discharged/dismissal/completion date.

Long Term Debt	Accounts may not be "paid down" to less than 10 months to allow the borrower to qualify. Installment or mortgage accounts must be paid in full. Payoff of revolving accounts in order to qualify the borrower is NOT allowed.
Installment Accounts	Installment accounts are accounts that fully amortize or have a balloon payment at a predetermined date. The account balance cannot be increased during the term of the loan. Payments are made on a regular basis and may be fixed or adjustable.
	 Whenever the installment debt's payment amount is not provided on the credit report then documentation of the payment amount must be obtained. Examples of documentation of the payment include but are not limited to: Direct verification from the creditor. Copy of the installment loan agreement.
	Installment debts with less than 10 monthly payments remaining may be excluded from the qualifying ratios, but must be listed on the application. It is not acceptable to pay down installment debts to less than 10 months in order to qualify. Installment debts must be verified as paid in full at closing in order to exclude the debt from the borrower's qualifying ratios.
Lease Payments	The monthly payment associated with a lease must be included in the total monthly obligations regardless of the number of payments remaining
Deferred Payments, Balloon Payments and Single Payments Notes (including	Some debts may have deferred payments or are in a period of forbearance. These debts must be included in the qualifying ratios if scheduled to begin or come due within 12 months of the mortgage Loan closing. Examples of installment debts with deferred payments include:
Interest Only Payment Notes)	• Debts on automobiles, furniture, and appliances for which the initial payment is delayed for a period of time as part of a promotional campaign by the retailer.
	Some deferred payments must be included in the qualifying ratios even if deferred 12 months or more. Examples include:
	• Deferred payments must be included if the amount of the debt or payment affects the borrower's ability to pay the mortgage after Loan closing, especially if the borrower will have limited or no cash assets after Loan closing, (such a borrower with high ratios / no or low cash assets after closing with a sizable debt event that is just outside of the 12 month window for inclusion in ratios).
	 Balloon and single payment Notes must be considered in the underwriting analysis: If sufficient liquid assets (excluding assets used to meet reserve (post-closing liquidity)/down payment/closing costs requirements) can be verified to pay off Note, the Note does not need to be included in the ratios. If sufficient liquid assets cannot be verified, verify the term of the Note, and include a payment in the ratios based on amortization over remaining term of the Note.
	When the credit report does not include a payment on the debt, documentation of the payment amount must be obtained. Examples of documentation of the payment include but are not limited to:
	 Direct verification from the creditor. Copy of the installment loan agreement. Student loan certification from the financial institution holding the loan.

Student Loan Payments	 For student loans that are deferred, in forbearance, or not reporting a payment on the credit report: Calculate a payment using 1.15% of the higher of the original high credit limit or current balance. Documentation of the actual payment may be requested in lieu of 1.15% calculation. Documentation options include, but are not limited to, the following: Direct Verification from the Creditor A copy of the Installment Loan Agreement For student loans that are reporting a payment on the credit report: Compare the reported payment to 1.15% of the current balance and use the higher of the two payments.
Retirement Loans	The payment will be considered an installment payment. (e.g. Loan against 401K)
Tax Liens	Any tax liens need to be paid off at closing.
Income Information	 Salaried Borrowers: Verification of employment or paystubs within 30 days, dated within 45 days of 1003 and covering one month, and W-2's for the past two years. Bonus Income: Provide 2 years history of receipt and 2 years tax returns Commission Income: Provide 2 years history and 2 years tax returns. Self-Employed: W2's paystubs and 1099's. If business returns are more than 4 months old, provide YTD Profit & Loss Statement and Balance Sheet for each business where borrower owns 25% or more of the company (P&L and Balance Sheet must be signed by third party such as CPA, bookkeeper, Controller or tax preparer) Most recent two years k-1's for all business. Most recent 2 years business tax returns for each business where the borrower owns 25% or more of the company NOTE: For wage earner, 4506T will be executed on current tax year and two years W2's.

	ALYSIS – RESTRICTED STOCK
conditions, th	ock refers to stock of a company that is not fully transferable until certain conditions have been met. Upon satisfaction of those ne stock becomes transferable to the person holding the grant. Restricted stock should not be confused with stock options. Restricted e vested as well as received on a regular, recurring basis.
GSU (Google)) Stock is an acceptable RSU stock.
The following	g documentation is required:
	agreement or equivalent (part of the benefits package), and
Schedule	of distribution of units (shares), and
Vesting s	chedule, and
Evidence	that stock is publicly traded, and
Evidence	of payout of the restricted stock (e.g., YTD pay stub and 2 years W2s)
Calculation o	f income:
	ine the restricted stock price use the lower of:
o current sto	ck price, or
o the two yea	ar stock price average.
The avera	g income will be calculated using an average of the restricted stock income for the past two years, and year to date stock earnings. ge stock price should be applied to the number of stock units vested each year. If stock income is declining, refer to <u>DECLINING</u> POLICY (SELF-EMPLOYMENT, BONUS, OVERTIME, COMMISSION, RESTRICTED STOCK.
Future ve	esting must support qualifying income.
** Borrower	must have 2 years landlord history to use rental income including departing rental income**
	e (excludes departure residence):
	ncome must be documented if used to qualify:
0	If owned for at least 12 months provide the borrower's prior year completed and filed Federal Individual Income Tax Return including Schedule E.
0	If owned less than 12 months and is not reflected on borrower's most recent filed Federal Individual Tax Return provide the
	following:
	 Copies of the present signed lease(s) may be used only if the borrower has a two-year history of property management experience as evidenced by the most current two years filed and signed Federal IRS 1040 tax returns, and
	 Three months cancelled checks or bank statements verifying receipt of rental income.

 Finite Income: Minimum of 5 years of continuance is required for income types with a finite period of receipt. Alimony or separate maintenance payments (requires 12 months of receipt) When Alimony is being paid, it is to be deducted from the income and not be treated as a liability Child support Note Income Trust Income (Must be trustee of the account) IRA/401K/Keogh Income (a minimum of 2 months received prior to application date with distribution agreement) Certain types of retirement income, such as annuities (excluding social security income) Social Security survivor benefits for children Foreign income Certain types of benefit income, such as worker's compensation Public assistance income Royalty income NOTE: The continuance requirement may be reduced to 3 years if the income source contributes to less than 25% of the total qualifying income. Effective income for borrowers planning to retire during the first three-year period of the Loan must include the applicable amount of: Documented retirement benefits Social Security payments Other payments expected to be received in retirement The borrower's continued ability to repay the Loan must be considered when the income source expires or the distributions will deplete the a 	l

The borrower's continued ability to repay the Loan must be considered when the income source expires or the distributions will deplete the as	
prior to the maturity of the Loan, including:	set
 Replacement income such as Social Security income, that will begin before the income source expires 	
 Strong equity position in other real estate or assets that may be liquidated in the future to provide an additional income stream 	
Income Not Allowed:	
 Automobile allowance may not be used for qualifying and may not be used to offset a car payment 	
Departure Residence • Borrower must have 2 years' history of landlord showing 2 years filed tax returns to use rental income and/or departing rental income.	
The departing property must have at least 30% equity position, 75% of rental income may be used to offset the mortgage PITI payment in qualifying when:	
 Reserve requirements are the greater of six months PITI for both properties or the standard post-close liquidity, and Rental income is documented with a fully executed lease agreement when the borrower's tax returns reflect a two-year history managing investment properties, as evidenced by the most current 2 years filed and signed Federal IRS 1040 tax returns, and 	of
 Proof is provided that a security deposit was received from the tenant and deposited into the borrower's account. 	
 If the rental income will not be used to offset the mortgage payment to qualify, the following reserve requirements must be met: The greater of six months PITI for both properties or the standard post-closing/reserve requirements. 	

	 If 30% equity in the departure property cannot be documented, or the borrower does not have a two-year history of managing investment properties as evidenced by the most current two years filed and signed Federal IRS 1040 tax returns, rental income may not be used to offset the mortgage PITI payment in qualifying and: Both the current and the proposed mortgage PITI payments must be used to qualify the borrower for the new transaction; and Reserve requirements are the greater of six months PITI for both properties or the standard post-closing/reserve requirements. When the departure residence will not be sold at the time of closing and there is a negative position, the following may be required to reduce the overall risk: Additional reserves to cover the negative equity of the departure residence OR Pay down the lien on the departure residence to eliminate the negative security Departing property requires a full appraisal with 1007. NOTE: For Correspondent Lenders , departing property must be ordered through one of the following AMCs (Clear Capital, Corelogic Valuation Solutions, PVCMURCOR, ServiceLink, Solidifi, or Xome Valuation Services LC(used to be Assurant)). The two-year rental management experience and rental income history requirement may be waived for rental income from the subject property only, if all of the following apply: Purchase transaction Two-Unit Property Primary Residence LTV less than or equal to 75% Loan Score greater than or equal to 740 No gift funds
	When waiving the property management experience, use the Operating Income Statement (216) to support rental income (a current lease is not required). A 25% vacancy/maintenance expense factor must be deducted from the gross rental income.
Solar,	 Investor to review all Solar documents if it's lease or PPA (Power Purchase Agreement) prior to clear to close.
HERO/PACE	HERO/PACE not allowed.
Rent Back	Rent back allowed up to 60 days
Housing Payment History	 A housing payment history (mortgage, rental or combination of the two) covering a minimum of the most recent 12 months with no late payments must be verified either by the credit bureau or by direct valuation. If the borrower has less than 12 month or no housing payment history, the loan is not eligible. However, if there is no housing payment housing history in the most recent 12 months, but a prior acceptable mortgage history is verified on the credit report, it can be used to meet the housing payment history requirement. If the borrower owns the property free and clear, and the mortgage was paid off or the property was purchased for cash: Less than 12 months ago, a partial mortgage payment history is required. The tax and insurance payments on the property will constitute an acceptable housing payment history if there is no evidence of delinquency.

	A professional management company or an individual landlord may verify rental housing payments.
	 If renting from a professional management company, provide <u>one of the following</u>:
	 Verification of rent or reference on a credit report
	 Most recent 12 months' cancelled checks or bank statements showing timely payments
	 If an individual landlord provides a reference, either by a verification of rent or on a credit report, the borrower must also provide evidence
	of timely payment for the most recent 12 months with <u>one of the following</u> :
	 Cancelled checks
	 Bank statements showing the payment
	 Money order receipts
	• Cash receipts
	 Cash receipts are not allowed if the landlord:
	Is a relative of the borrower, or
	 Has an established relationship, prior to the loan transaction, with the borrower beyond their connection as a renter and
	landlord (examples include, but are not limited to, co-workers, close personal friends, partner, business associated,
	realtor, etc)
	• If using cash receipts, the name, address, and telephone number of the individual receiving the payments must be provided.
	• An individual landlord reference, either by a verification of rent or on a credit report, is not required if the borrower provides evidence of
	timely payment for the most recent 12 months with one of the following:
	 Cancelled checks
	o Bank statements showing the payment
Condo Requirements	Investor HOA Cert form required
	 Greater than 4 units required Form 25
	 70 percent of the units sold must be sold to owner-occupied for use as primary residence or second home
	Evidence of HOA insurance policy covering hazard, liability, fidelity and flood (if applicable)
	• Master insurance policy to evidence all applicable insurance coverages including endorsements for inflation guard, ordinance or law,
	severability of interest, mechanical breakdown and validating adequate hazard, liability, fidelity and flood coverage prior to closing.
	CC&R's and By-laws
	Homeowners Association Budget
	Project is 100% complete, including all units and common elements
	Control of HOA has been turned over to the unit owners
	• 75% of units have been conveyed to the unit owners
	Project is not subject to additional phasing or annexation
	• A maximum of 25% of the units may be sold to one party
	• Authorization to accept review charges. Fees (ranges from \$250-\$1000) if applicable. Charges to be paid upfront by broker / borrower.
	Investor to review and approved all condo projects
	Additional documentation may be required depending on the status of the condominium and review type required.

Seller Contributions	Seller contributions limited: 6% for Owner Occupied if CLTV <= 80%; 3% for Owner Occupied if CLTV > 80% 6% for Second Home 2% for Investment
Gift	 100% gift allowed for Owner Occupied Transactions Only; max LTV 80% US funds can be wire directly to escrow. Gift funds from foreign accounts require 6 months' donor's ability. Any large deposits will need to be source and paper trail.
Max.# of Financed Properties	 Owner Occupied – up to 4 financed properties; LTV > 80% is limited to 2 financed properties If aggregate financing for all properties owned by borrower exceeds \$3Million then one of the following is required 1) 36 months PITI or 2) maximum 50% LTV/CLTV
Income Verification	4506T required on all loans
Restrictions	 Texas Cash Out not allowed. Temporary Buydown / Leasehold: Not Allowed If the property is located in a Market Classification of 3 or 4, or is a condominium (attached/detached) located in Miami-Dade County, FL., a field review is required (Note: The cost needs to be paid by originator or borrower. For Correspondent Lenders , field review must be ordered through one of the following AMCs (Clear Capital, Corelogic Valuation Solutions, PVCMURCOR, ServiceLink, Solidifi, or Xome Valuation Services LLC (use to be Assurant)).
Non-Occupant Co-Borrower	 Allowed for purpose of assets only (Blended Ratio NOT allowed): Must be family members only Occupant borrower(s) must by themselves_qualify at 43.00% DTI maximum Non-occupant co-borrower can cover for closing costs and reserve requirements.
Properties Listed for Sale	Refinances on properties listed for sale are not permitted. Properties previously listed for sale must have been off the market and the listing agreement canceled at least 6 months prior to the date the application. A copy of the canceled/expired listing should be placed in the file and a search of the current multiple listing services should be completed to verify that the property is not currently listed by a different agency. For Cash Out Transaction, need at least to be off the market for 6 months.

Delayed Financing	 Delayed Financing/Allowable Cash-out for Properties Recently Purchased with Cash If borrowers have purchased a primary, second home, or investment property for cash within the preceding 90 days, an application may be considered to provide cash-out as a reimbursement of the borrower's cash investment providing all of the following are met: HUD-1 or Closing Disclosure indicating cash purchase within 90 days prior to the application. Maximum LTV/CLTV based on the purchase LTV/CLTV matrix. Maximum DTI based on the purchase DTI requirements. Minimum Loan Score based on the purchase Loan Score requirements. The LTV/CLTV will be based off the lesser of the original purchase price or current appraised value. Borrower has exhibited a historic level of assets to support the cash purchase (supported by Schedule B of the last two years' tax returns) or other supportive documentation to verify receipt of such funds. A paper trail evidencing the funds used to acquire the subject property is acceptable as long as the funds had been on deposit at least 90 days prior to the date of the original transaction. Funds used for the original purchase cannot be borrowed, except by means of a fully secured Loan (for example, margin account, or other real estate). These will be treated on a case-by-case basis. The Loan must be registered and Closed as a Cash-out refinance since the borrower is already in title to the property. The Loan can be underwritten based on purchase transaction guidelines Limits to the cash out amount from borrower own funds.
IRS repayment	 Provide copy of the contract with the IRS. Payment must be included into the DTI. Credit report and title must not indicate any IRS tax lien else any outstanding amount needs to be paid in full at closing.

Secondary Financing	 <u>There are two types of subordinate financing:</u> Home Equity Line of Credit (HELOC): a mortgage loan that allows the borrower to obtain multiple advances from a line of credit at his/her discretion and that is typically in a subordinate position. Closed End Loan: a mortgage providing a single advance of funds at the time of loan closing and that is not eligible for additional draws.
	Terms New and existing closed-end and home equity line of credit (HELOC) subordinate financing is permitted when the loan terms meet the following guidelines:
	• The subordinate financing must be recorded and clearly subordinate to JMAC Funding's first mortgage.
	The maximum LTV/CLTV may not exceed the guideline limits for the product and occupancy type
	Negative amortization is not allowed: scheduled payments must be sufficient to cover at least the interest due.
	• If there is/will be an outstanding balance at the time of closing, the payment on the subordinate financing must be included in the calculation of the borrower's debt-to-income ratio(s)
	 For all HELOCs, regardless of the line amount when calculating the DTI, full principal and interest payments are used for all other mortgages, including home equity lines of credits
	Accounts for methods of calculating a payment.
	• For Closed End Loans: Balloon payments are not allowed. • The terms of a HELOC may provide for a balloon or call option within the first five years after the Note date of the first Mortgage.
	• For new Closed End subordinate financing: Maturity date or amortization basis of the junior lien must not be less than five years after the Note date of the first lien Mortgage, unless the junior lien is fully amortizing
	For Closed End Loans with Interest-Only feature: see Total Debt Ratio above.
	• Equity share or shared appreciation mortgages are not allowed.
	 Subordinate financing from the borrower's employer may not include a provision requiring repayment upon termination. Subordinate financing from the property seller (seller carry-back, including any property seller or other private party carried financing.) Is allowed only after the borrower has made a 5% minimum down payment/cash investment
	Is allowed only when the maximum CLTV* meets the published CLTV limits for the product/program
	Should be at market rate. If the interest rate is more than 2% below Fannie Mae's posted net yield in effect for second mortgages at time of Closing, it must be treated as a sales concession and a dollar for dollar reduction made to the sales price.
	*For Non-Conforming Loans, the CLTV is calculated by adding the first mortgage amount to all subordinate financing and dividing that sum by the value of the mortgaged premises. When subordinate financing is a HELOC, the credit line limit, rather than the amount of the HELOC in use, must be used.
	• If an existing HELOC is not in the repayment period and is reduced without modifying the original Note, the original line limit must be used to calculate the CLTV ratio.

• If an existing HELOC is in the repayment period, the current balance is used to calculate the CLTV ratio. A copy of the line agreement is required to verify the customer can no longer draw on the account.

Acceptable Documentation

The terms of any subordinate financing must be verified. The following sources of verification are acceptable:

• An existing subordinate lien that will be re-subordinated may be verified with any of the following:

- A copy of the credit report
- A copy of the mortgage note that will be re-subordinated
- $^{\circ}$ A direct verification from the lender
- A copy of the loan/line statement
- A new subordinate line that will be obtained at, or prior to, closing may be verified with any of the following:
 - A copy of the mortgage note
 - $^{\circ}$ A direct verification from the lender
 - A copy of the commitment letter from the lender
 - A copy of the HUD-1 or final Closing Disclosure evidencing proceeds

Home equity line of credit (HELOC): When calculating the DTI, full principal and interest payments are used for all other mortgages, including home equity lines of credits (HELOCs) on other real estate held by the borrower. See the table below for methods of calculating HELOC payments. This is to account for loans that require less than a full principal and interest payment, including but not limited to Interest Only

	Wells Fargo HELOC	Non-Wells Fargo HELOC

	,
	5% of the outstanding balance or full credit line limit, as determined by above criteria
Non-subject property – other than	When calculating the DTI, full principal and interest payments are used for all first
HELOCS	mortgage/lien on all real estate owned/held by the borrower.
	Note: This is accounts for Loans that require less than a full principal and interest payment,
	including but not limited to Interest Only.
Please Note: Prime rate can be found in the V	
HELOCS ON REAL ESTATE OWNED OTHER TH	AN THE SUBJECT PROPERTY
For qualifying purposes, Mortgage payments	included HELOCs, must use a fully indexed, fully amortized principal and interest payment
calculation.	, , , , ,

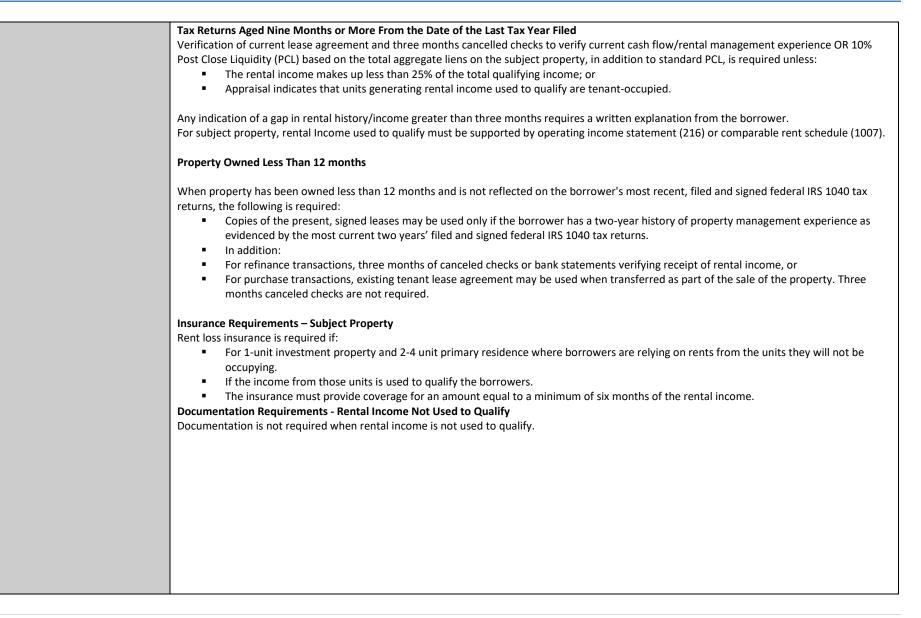

First mortgages on a non-subject property will use the following data to calculate a qualifying principal and interest payment:
Outstanding principal balance
Fully indexed note rate
Existing amortization term
Borrowers should be qualified with a full PITI payment including Homeowner Association fees, if applicable.
When the borrower is the credit account owner on an authorized user account, the debt must be considered in the credit analysis and the monthly payment obligation must be included in the debt to income (DTI) ratio.
When the borrower is the authorized user and the account is being used as a tradeline, the debt must be considered in the credit analysis and the monthly payment obligation must be included in the debt to income (DTI) ratio.
Certain open-ended accounts (such as American Express) require payment in full monthly. For such accounts, one of the following options may be used for qualifying:
 Document sufficient assets to pay off the full balance (beyond cash required to close and reserves). In addition, use the greater of 5 percent of the balance or \$10 for a qualifying payment.
• If sufficient assets are not available, use the full balance for a qualifying payment; if a lower payment amount can be documented from the creditor, that amount may be used for qualifying purposes.
Follow verbal verification requirements or obtain a written verification or account statement.
tability of Rental Income he stability of the rental income must be documented through 24 months of rental management experience or rental income history. This can nclude any rental property, not exclusive to the subject.
ental Management Experience or Rental Income History Tental management experience and rental income history is verified by obtaining the most recent two years of filed and signed federal IRS 1040 ax returns.
ax Returns Aged Nine Months or More From the Date of the Last Tax Year Filed
Verification of current lease agreement and three months cancelled checks to verify current cash flow and rental management experience, or 10% ost Close Liquidity (PCL) based on the total aggregate liens on the subject property, in addition to standard PCL, is required unless:
 The rental income makes up less than 25% of the total qualifying income; or Appraisal indicates that units generating rental income used to qualify are tenant-occupied.

Eligible Rental Income
The following are acceptable sources of rental income:
 Rent received from investment properties or other units of an owner-occupied multifamily property may be considered stable income.
Rents received from a live-in aide, generated from a disabled borrower's 1-unit, primary residence may be used for qualifying purposes,
in an amount up to 30% of the total gross income that is used to qualify the borrower for the mortgage.
Typically, a live-in aide will receive room and board payments through Medicaid waiver funds from which the live-in-aide then makes rental
payments to the borrower. This source of income is non-taxable and is not reported on the borrower's personal filed and signed federal IRS 1040
tax returns.
This income source may be considered stable monthly income, if both of the following are met:
The borrower has received rental payments from a live-in aide for the past 12 months on a regular basis.
The live-in aide plans to continue to reside with the borrower for the foreseeable future.
Monthly Operating Income
 See cash flow calculation section below for determining whether the income is positive or negative.
 Positive net rental income may be considered stable monthly income.
 Negative net rental income must be considered a liability for qualification purposes.
-0
Ineligible Rental Income
The following are ineligible rental income types:
 Rent from boarders in a single-family property that is also the borrower's primary residence.
 Income from a live-in aide may be allowed, refer to Eligible Rental Income requirements above.
Rent from a property that is the borrower's second home.
Any indication of a gap in rental history/income greater than three months requires a written explanation from the borrower.
If a non-subject investment property is pending sale, review the following documents to consider offsetting the principal, interest, taxes,
insurance (PITI) payment:
 Lease duration, and
 Three months of canceled checks or bank statements verifying receipt of rental income.
Note: Any additional income, above the PITI offset, from the non-subject investment property cannot be used as qualifying income.
Documentation Requirements – Rental Income Used To Qualify
Rental management experience and rental income history is verified by obtaining the most recent 2 years filed and signed federal IRS 1040 tax
returns, including Schedule E., regardless of how long the property has been owned.
Rental income from commercial rental properties requires two years' complete filed and signed federal IRS 1040 tax returns, including schedule E.

Determining Qualifying Rental Income Determine qualifying rental income utilizing the following Cash Flow calculation only with IRS Form 1040 Tax Return or Other Business Returns, Including Schedule E.
Make the following adjustments to the net income shown on Schedule E to determine the monthly operating income:
 Net Income Depreciation, mortgage interest, real estate taxes, insurance and homeowners association fees, if any Un-allowed losses, if any Loss carry-overs from previous years, if any Annualized mortgage payment for rental property Annual operating income Annual operating income 12 months Monthly operating income
 When the monthly housing expense is included in the rental cash flow, it should not also be added to the long-term debt. Monthly Operating Income Positive net rental income may be considered stable monthly income. Negative net rental income must be considered a liability for qualification purposes.
 When using rental income to qualify from a 2-4 unit primary residence that is not the subject property: The current monthly principal, interest, taxes, insurance (PITI) payment on the borrower's primary residence must be included in the liabilities. The monthly operating income should be included in qualifying income.
For an investment property, subtract the monthly housing expense from the monthly operating income to determine the net cash flow. For subject property, rental Income used to qualify must be supported by operating income statement (216) or comparable rent schedule (1007).
Lease Agreements A vacancy / maintenance expense factor of 25% should be deducted from the rental income verified by the current lease agreement for determining qualifying income. However, when a lease agreement is used to support higher income, review the prior year's filed and signed federal IRS 1040 tax returns to determine the appropriate vacancy / maintenance factor to use, which may be higher than 25%.
For subject property, rental income used to qualify should be supported by operating income statement (216) or comparable rent schedule (1007).

Rental Payment Verification	 A professional management company or an individual landlord may verify rental housing payments. If an individual landlord provides a reference, either directly or on a credit report, the borrower must provide evidence of timely payment for the most recent 12 months with one of the following: Canceled checks, or Bank statements showing the payment, or Money order receipts, or Cash receipts Cash receipts are not allowed, and canceled checks, bank statements, or money order receipts are required, if the landlord:
	associate, realtor, etc.) If using cash receipts, the name, address, and telephone number of the individual receiving the payments must be provided. In the event the borrower is living with family, or when no mortgage or rental payment history can be obtained, the following documentation is required: A letter of explanation and Credit report verifying an acceptable traditional credit history and evidencing compliance with minimum Loan Score requirements
Identity of Interest Transactions	 The identity of interest transactions includes both non-arm's length and at-interest transactions. Loans for second homes or investment properties are not eligible. On a case by case basis, non-arm's length and identity of interest transactions may be considered if the borrower is purchasing the property as a primary residence. This loan will be considered non-delegated. For newly constructed properties, the Loan is not an eligible transaction if the borrower has a relationship or business affiliation (any ownership interest or employment) with the builder, developer, or seller of the property. Flip transactions not eligible Title changes from LLC or partnership to an individual is only allow as a non-delegated loan. Transactions where the purchase contract has been assigned to the borrower are generally not acceptable, but may be eligible for consideration provided there was no increase in sales price and the explanation for the assignment seems reasonable. If the earnest money is being transferred, it must be treated as a sales concession and deduct from the sales price. Employer and employee sales - this is a transaction in which a builder or developer is selling to property to one of it's employees who does not hold a principle ownership interest. Family Sales - this is a transaction where one family member is selling to another. Often there is no real estate agent involved or the agent may also be the family member. These transactions carry the potential for increased risk as they may be bailout situations. (e.g. the selling party has financial problems and is unable to refinance). Lender to insure seller have not been late in the past 12 months.

Evaluating Schedule D

Capital gains or losses generally occur only one time, and should not be considered when determining effective income. However, if the individual has a constant turnover of assets resulting in gains or losses, the capital gain or loss must be considered when determining the income. Three years' tax returns are required to evaluate an effective earning trend. If the trend:

- Results in a gain, it may be added as effective income, or
- Consistently shows a loss, it must be deducted from the total income.
- Anticipated continuation of income must be documented through verified assets.

Example:

Capital gain for an individual who purchases old houses, remodels them, and sells them for a profit.

When using income from capital gains, the underwriter must determine that the borrower's current asset portfolio is sufficient to support future capital gains. The underwriter must also consider whether an income-generating asset was sold during the year, as future business income may be reduced as a result of the sale.

Evaluating Corporate Tax Returns (IRS Form 1120)

The primary purpose for reviewing business tax returns is to analyze the financial strength of the business and to confirm that it will continue to generate the income the borrower needs to qualify for the requested Loan. When the individual tax return confirms sufficient borrower income and the business tax return indicates a viable company, the corporation need not be investigated any further.

Income is calculated as follows:

	Baseline Method	Investor Cash Flow Method
C -Corporation	ation Officer's compensation	Officer's compensation
	(W-2)	(W-2)
	+ Borrower's share of: taxable income	+ dividends/distributions
	- tax liability	+ loans to shareholders
	+ depletion	- loans to shareholders
	+ depreciation	- unreimbursed partnership expenses
